THE CHEYENNE CLUB.
Annual Meeting, Election and Transaction of Business Last Night.

The annual meeting of the members of the Cheyenne club was held last evening at their club house. The following board of governors were elected: Messrs. Phil Dater, H. E. Teschemacher, G. B. Goodell, N. R. Davis, J. J. Mason, W. P. Gannett, H. W. Stevens, William Sturgis and G. W. Baxter.

The following named gentlemen were elected as admission committee: Messrs. G. L. Beard, T. B. Adams, J. F. Carroll, F. S. Hebard and E. Mead.

The business matters of the club were discussed and the amount of \$650 left over from the \$25,000 bond subscription was, by resolution, added to the floating indebtedness.

A communication was received from the Colorado club, of Denver, extending the hospitalities of that club in very kindly terms.

There was a large attendance present and much interest manifested in all matters pertaining to the interests of this important organization.

From the feeling evinced a prosperous future may confidently be predicted for the Cheyenne club.

REAL ESTATE DOINGS
Transactions and Pointers in the Market Yesterday.

Strong Indications of a Rapid Advance in Values.

The Building Movement to Be Large This Season.

The real estate movement is well sustained from day to day and the era of building now about to commence, will give an added impetus to the "boom" already on. The great force of carpenters, masons and laborers needed to build 500 or more new buildings, which will go up this season, the men employed in constructing the viaduct, the new Methodist church, the additional rail road shops and other important enterprises will bring an army of laborers to the city which will greatly stimulate mercantile business and put a large amount of money in circulation. The railroad construction on the extension of the Cheyenne & Northern and the Hartville branch will also be a powerful agency in advancing the fortunes of Cheyenne and sustaining the rapid advance of Cheyenne realty.

G. C. Charlton, the well-known livery man now located at Salt Lake City, yesterday sold his livery stables to Walter P. Rodd. The consideration has not yet been made public.

Valentine Baker concluded yesterday two sales of inside business property the aggregate consideration being \$6,300.

A. J. White of Salt Lake City is in negotiation for the purchase of the Hicks property, corner of Capitol avenue and Seventeenth street. If the purchase is made Mr. White proposes to erect a handsome business block on the lot.

The real estate firms of Riner & Johnson and A. R. Whitely & Co. have some large transactions pending which will probably be closed to-day.

Mr. Keeffe's two fine brick dwellings on Evans street above Twenty first street are rising rapidly, a large force of brick masons being employed on them.

The Hurd brick terrace, containing eight tenement houses, is rapidly approaching completion.

A Portland, Ore., party will build ten dwelling houses on lots recently purchased on the South Side.

The books of the Home Building association have been opened for subscriptions at the secretary's office and will remain open till the 30th. The association will find an excellent field for operations in Cheyenne during the present season.

The following deeds were filed for record yesterday at the county clerk's office:

James M. Culver to V. C. Shickley, lot 6, block 35; consideration, \$3,000.
George E. Abbott to R. L. Tracy, lot 5, block 196; consideration, \$600.
W. M. Moffatt to G. B. Gerald, lots 7 and 8, block 532; consideration, \$1,500.
T. B. Hicks to J. L. Murray, lots 16, 17 and 18, block 415; consideration, \$1,500.
J. K. Jeffrey to F. E. Warren Mercantile company, part of block 656; consideration, \$1.
J. M. Fisher to C. W. Shickley, part of lots 7 and 8, block 373; consideration, \$1.
United States patent to David Gordon, pre-emption 160 acres of land on Horse Shoe creek.
Mr. Frank Stanley has commenced the erection of a handsome cottage on the lot recently purchased by him located on East Eighteenth street.

STATEHOOD CELEBRATION.
Proceedings of the Ladies' Executive Committee Meeting.

The ladies' executive committee on celebration held a meeting yesterday afternoon. Mrs. Corlett was elected financial secretary of the committee to fill the vacancy caused by the resignation of Mrs. Baxter. The committee selected Mrs. Morris to present the flag on celebration day. Mrs. Ollerenshaw was made standard bearer and Mrs. J. F. Jenkins orator. Mrs. Post was selected to receive the copy of the Wyoming constitution to be presented by the gentlemen.

A New Contract Let.

On Wednesday the proposals for the extension of the Fort Russell water system and the additional hydrants needed therefor were opened at the depot quartermaster's office at Camp Carlin by Captain Humphreys.

The bids made were by George East, \$3066 and Messrs. Keefe & McGarvey, \$3025.

Keefe and McGarvey were accordingly the successful bidders. This additional contract is given for the purpose of improving the irrigation facilities at the fort and when completed as an adjunct to the main system Fort Russell will be admirably equipped with an ample, convenient and pure water supply.

Summary of March Weather.

The signal service observer, John H. Clerly, furnishes THE SUN the following: The average March temperature at Cheyenne from nineteen years observations, 1871 to 1889 inclusive, is 33.6 degrees. The mean temperature for March, 1890, was 34.5 degrees, or .9 degrees above the normal. The average March precipitation at Cheyenne from nineteen years observations is .64 inches. The total precipitation for March, 1890, was .17 inches, or .47 inches below the normal.

A Forty-Fifth Anniversary.

THE SUN is in receipt of the Rock Island Argus of March 28th, giving a report of the forty-fifth anniversary of the wedding of Mr. and Mrs. Henry Houseman, old time residents of Cheyenne.

The event was celebrated at their residence, 1123 Third Avenue, Rock Island, and was attended by a large number of their neighbors and friends in that city.

THE SUN joins the Argus in its congratulations and in the hope that husband and wife will live to celebrate their golden wedding as at that time they expect to have all their surviving children around the family board.

Of these children Mrs. E. Nagle, Mrs. Hattie Hibbard, Mrs. C. W. Sweet and Mrs. Mary Renfro, are now residents of Cheyenne.

Attention, Sir Knights.

General order No. 6, Wyoming Commandary No. 1, Knights Templar—

All members of Wyoming Commandary No. 1 are requested to appear in full dress at a stated conclave to be held on Friday evening April 4, 1890, at 7 o'clock for the purpose of attending services at St. Mark's church. Wyoming Fraters are courteously invited to be present.

By order of J. K. JEFFREY,
Eminent Commander.

D. W. GILL,
Recorder.

Hartville Postoffice.

The postoffice at Hartville, which was suspended two years ago, has been re-established by the department and A. D. Gambell has been appointed postmaster. Mr. Gambell is now in the city perfecting his bond which will be forwarded to-day. Service will begin as soon as the bond is received and his commission forwarded. A stage line will be put on between Wendover and Hartville as soon as the building of the spur commences.

Tickets for the grand ball of the Germania Maennerchor can be gotten of members of the committee and at Zehner, Buechner & Co.'s jewelry store, George H. Truckey's and Fred Schaffer's.

WYOMING

The forty-third daughter of our noblest of nations, made for herself a bright page in the world's history, when she insisted on extending the hand of equality to the women. Now that their rights have been recognized and the joyous news proclaimed to all the people of the earth there is but one thing lacking for the complete happiness of our ladies, an "Easter Bonnet," and as our part of this grand work we have made arrangements to supply this demand in Cheyenne and vicinity, opening our millinery department in new quarters formerly occupied by Riner & Johnson, thus making our store the largest, lightest and most convenient in the "State." Thursday morning, April 3rd, we will open 250 patterns, in which you find taste, neatness, economy and fashion all combined. These goods have been imported at the suggestion of Mrs. E. Walker, during her visit in the market, and have no duplicates in the city. We entreat our patrons to await the opening with the assurance that our representation, both as regards quality and prices, will not disappoint them. As of yore we feel satisfied that our efforts will not lack the substantial appreciation of a generous public.

Very respectfully,

WALKER'S DRY GOODS.

SUN SPOTS.

"Alone in London" to-night at the opera house.

The effects of S. B. Lindsey were sold at constable's sale yesterday at the city hall.

Have you secured seats for "Alone in London" to-night and a "Social Session" to-morrow evening?

"Alone in London" is well known as a sensational drama which draws large houses wherever it is presented.

Whitcombs, 2002 Ferguson street, corner Twentieth, rooms and table first-class. Meal tickets, \$8 and \$10.50 for twenty-one meals.

Bazaar and hop by the Lenten club in aid of St. Mark's church, Wednesday evening, April 9, at Library hall. Doors open at 7:30. Tickets, including supper, 50 cents.

Nat Goodwin's appearance at the opera house next Monday evening in his celebrated American comedy, "A Gold Mine," is an event worthy of note to all lovers of fine acting and the true, legitimate drama.

Who would not like to discover "A Gold Mine" at a small cost. Manager Rhodes will tell you how to do it. Applications can be made at any time from now till Monday evening at Rhodes & Troxell's.

M. S. Lindsey, agent for Edison's improved phonograph and the Bell telephone, proposes to give a public exhibition of these wonderful instruments at an early day. He will give free entertainments at any time.

Joe Lynott and Phil Kerrigan did some very handsome sparring at Keeffe hall on Wednesday evening under the eye of their skillful trainer, "Cockney." They have become scientific athletes at Mr. Wells' Cheyenne gymnasium.

A "Social Session" is something which everybody likes. It is fun from beginning to end. The plot is interesting, the dialogue is bright and funny. The play is full of taking songs which are finely sung and add very much to its attraction.

The ladies of the congregational church desire to express their thanks to the friends who contributed so liberally at the envelope sociable by which they realized a handsome sum. As these contributions were entirely voluntary they are all the more appreciated.

Notice to Water Consumers.

You are hereby notified that the time fixed for irrigation, viz: 6 to 10 a. m. and 4 to 9 p. m., is now in force as well as other regulations such as prohibit the use of hose without nozzle or damaged or leaky hose. Any violation whatever will cause water to be shut off without further notice.

WM. R. SCHNITZER, City Marshal.

The housekeeper will find a nice line of table cutlery, tea and table spoons at the Warren Mercantile company's at low prices.

THE POETRY OF IRON
How Hartville's Iron Riches Inspire the Mountain Muses.

The city editor while on his late trip to Hartville came across the following rhymes which contain chunks of solid fact and practical information. The authorship of the first piece is unknown. The second article is a contribution from a miner well known throughout that section.

AN IRON RHYME.

Iron vessels cross the ocean,
Iron engines give them motion,
Iron needles northward veering,
Iron titles vessel steering,
Iron pipe our gas delivers,
Iron bridges span our rivers,
Iron pens are used for writing,
Iron ink our thoughts inditing,
Iron stoves for cooking victuals,
Iron ovens pots and kettles,
Iron horses draw our loads,
Iron rails compose our roads,
Iron anchors hold in sands,
Iron bolts are used in bands,
Iron houses, iron walls,
Iron cannon, iron balls,
Iron axes, knives and chains,
Iron saws, axes and planes,
Iron globes in our blood,
Iron particles in our food,
Iron lightning rods on spires,
Iron telegraphic wires,
Iron safes and iron chests,
Iron cloth and iron screens,
Iron hammers, nails and screws,
Iron everything we use.

HARTVILLE IRON STORY.
(BY AN OLD PROSPECTOR.)

No where in God's creation
Can we prospectors go
And find a better prospect
Than these, our croppings, show.
We often hear from experts,
From whence the mineral came
But the flow of ore in gullees
Tells us more than they can name.
If we have here no ledges,
In all these hills of ours,
Then let us ask from nature's God
Our lost and waste of hours,
Throw our stakes to thunderation,
And cache our mining tools
And tell the world at large
That we're a set of fools.
And when we leave the district,
Some men with braves and nerve
Will come and take the iron mines
Which we so well deserve.
Not only in the "Sunrise"
The dark red metal lays,
The "Village Bell" and "Jack the Lone,"
Are worthy of all praise.
You'll find in "Whalen Canon,"
The "Wizard" and the "Wizard"
Contain fine siderite.
The "Blue Bird" is a daisy claim!
The "Chicago" is immense.
Millions of tons of ore are there
To mine with small expense.
The painted red cap rock
Tells you all the iron story,
Below and above the iron ore
So bright and so true,
For money will be plenty
To push the work ahead.
Through ages of the future
When we're among the dead
And our great iron veins hold
By blasting will be stirred,
And the busy hum of furnaces
In our valleys will be heard,
So bring along your cash,
And bring along your cash,
And find when you invest it,
Our promise is not rash.
We'll all get rich together
And plenty will prevail.
From Cheyenne to the river Platte,
So nicely ends my tale.
CHARLES FREDERICKS, Whalen Canon.

THE BOOM IS ON!
The Music is a Little Fast.

We will, however, keep up with the procession if it kills our horse. We will at the same time look after the health of our business in a manner to be able to continue the tramp.

We aim to please and succeed by keeping constantly on hand the largest line of Meats, Fruits, Vegetables, etc., to be found in Cheyenne, which we sell at a profit sufficiently small to enable us to please the second time. The science of selling below cost and immediately amassing a fortune is yet unknown to us. We would perhaps have given the matter some study, but the entire army of competitors who thoroughly understand it and are now numbered among the by-gones, advise us not to. Steer beef is worth more than cow beef, so is a dollar worth more than 99 cents.
